Amendment to the Company Announcement dated 15 November 2016

The Company wishes to advise two typos in the Company Announcement dated 15 November 2016. The correct unit used for measurement of the construction site and the construction area of the proposed factory should be "m²" instead of "cm²". As such the construction site of proposed factory will cover an area of 15,106.67 m² and the total construction area of the factory will be 15,148 m².
